

## OPEN POSITION FOR POSTDOCTORAL RESEARCHER

### **Research topic:** seismic petrophysical inversion for carbonate reservoir characterization

The postdoctoral researcher will develop a research project as part of a R&D project funded by Equinor and Fapesp through the Energy Production Innovation Center (EPIC).

Candidates must send a short CV to **Prof. Emilson Leite (emilson@unicamp.br)** highlighting activities relevant to this position. The email subject must be: **EPIC RL3 - Postdoc Application.**

Potential candidates will be invited for an interview.

The selected candidate will receive a monthly scholarship from Fapesp and will have access to the Unicamp health care services.

#### **Required qualifications:**

- Ph.D. in Geophysics or related field;
- Experience in research and data analysis of reflection seismic and well log data for oil and gas reservoir studies;
- Experience in programming and use of commercial software for seismic inversion and interpretation;
- Excellent written and verbal communication skills in English;
- Ability to work independently and collaboratively in a team environment.
